SUMMARY

I am a **front-end developer** with over **3 years of experience** in **designing and developing single-page applications SPA** using the **React & Nextjs frameworks**. My goal is to **create innovative user experiences**, provide **cutting-edge solutions** to meet user needs, and elevate **project performance**. I am constantly seeking to **learn new technologies** and participate in **impactful projects**. I aspire to play a **pivotal role** in crafting **tools and platforms** that make the **digital world better** and more **efficient**.

EXPERIENCE

Front-End Developer

Apanco

📅 03/2024 07/2025 📍 Sari, Mazandaran

- Teamed up with **design and development teams** to improve **UX**, and as a result, **user satisfaction increased by more than 10%**.
- Worked closely with **UX/UI designers** to transform **functional wireframes** into web applications, which directly contributed to a **15% reduction of post-launch errors** in user navigation reported.
- Utilized **Git** and other version control systems to efficiently track project progress, **facilitate collaboration**, and maintain code integrity.
- Built a small-scale **real-time app with Socket.IO and Express.js** to explore backend event handling and WebSocket integration.
- Incorporating better page strategies on web pages using **React** and **Next.js**, which led to faster and SEO-friendly web pages, increasing performance and enabling a **20% reduction in load time**.
- Utilized **NextAuth.js** in a **Next.js project** to implement secure **authentication** with **JWT** and refresh **token support**, enhancing session reliability and user data protection.

Front-End Developer

Sepehr Academy

📅 01/2023 03/2024 📍 Sari, Mazandaran

- As a **team member** aspiring to **enhance workflow efficiency by 25%**, I collaborated in a **three-member team** developing websites on the **React framework**.
- Engineered visually appealing and fully **responsive web pages** with **HTML, CSS, and JavaScript**, aligning with client requirements and boosting user engagement.
- Applied **responsive and accessible designs** to enhance compatibility across a wide range of devices and **web browsers, ensuring a seamless user experience**.
- Designed and refined user **interfaces UI** on **Figma**, leading to a **20%** increase in customer satisfaction.
- Developed a **feature-rich admin panel** to enhance UI interactions and **streamline management processes**, reducing content management time significantly.

KEY ACHIEVEMENTS

Improved Team Efficiency

Boosted team productivity by **25%** in a three-person team using React framework.

Increased User Satisfaction

Enhanced user satisfaction over **15%** by collaborating with design teams for improved **UX**.

Optimized Rendering Strategy

Leveraged **Next.js** features like Server-Side Rendering (**SSR**) and **API Routes** to improve page performance and **SEO**, reducing initial load time by over **30%**.

PROJECTS

React Web App with Admin Panel

📅 12/2024 10/2024 📍 Sari, Mazandaran Apanco)

Developed a **full-stack web application** with **React and TypeScript**, featuring a **fully functional admin panel** for **efficient user and content management**.

- Crafted and implemented a **highly responsive**, intuitive user interface with **React** and **TailwindCSS**, enhancing user experience and accessibility across devices.
- Built a scalable **admin dashboard** featuring robust **authentication mechanisms** and granular **role-based access control RBAC** to enhance security and user management efficiency.
- Engineered seamless **API integrations** that facilitated real-time data updates, enhancing the user experience by decreasing page load times to under **2 seconds** and improving overall **application responsiveness**.

Personal Web Site

📅 06/2025 🗨️ React

🔗 <https://myself-wheat.vercel.app/>

- Designed and developed a personal portfolio website using **React** and **TailwindCSS**, showcasing **skills, experiences**, and selected projects in a clean and **responsive layout**.
- Focused on delivering a **fast, accessible user** experience across devices with **optimized** component structure and **modular design**.
- Incorporated **smooth animations** and intuitive navigation to reflect personal branding and enhance user **engagement**.

STRENGTHS

Performance Enhancement

Optimized page load by **20%**.

User Experience Focus

Improved user satisfaction by **15%**.

Authentication & Security

Integrated **JWT**, **NextAuth**, and **refresh tokens** to ensure secure user access

UI Styling

Built responsive UIs with **TailwindCSS** and **Styled Components** following accessibility standards

State Management

Handled complex state with **Zustand** and **React Query** for smoother app behavior
